Duke's property operations are conducted through a partnership in which Duke is the sole general partner owning a 96 percent interest at March 31, 2009. This structure is commonly referred to as an "UPREIT". The limited partnership ownership interests in this partnership (referred to as Units) are exchangeable for shares of common stock of Duke. Note - Prior period balance sheets have been restated to reflect the adoption of FSP APB 14-1, Accounting for Convertible Debt Instruments that may be Settled in Cash upon Conversion (Including Partial Cash Settlement). The restatement resulted in lower than previously reported carrying amounts for Unsecured Notes with an offsetting increase to Common Stock and Additional Paid-in-Capital. Additionally, the incremental interest expense recognized through restatement of prior period statements of operations resulted in additional Distributions in Excess of Net Income from what was previously reported.

⁽¹⁾ Anson is a master planned mixed-use development in the northwest Indianapolis metropolitan area. Industrial acreage is controlled through a joint venture and is shown on this schedule in the "Indianapolis" statistics.

⁽²⁾ Total excludes more than 400 acres of land for disposition or potential retail development within Duke business parks. If fully developed the acreage could support approximately 1.7 million square feet of development.
